¹ Annualised standard deviation

² The tracking error (TE) is calculated using the annualized standard deviation of a portfolio's excess return over the corresponding index return. The tracking error for a defined period expressed in months is calculated as follows: = STANDARD DEVIATION (monthly excess calculated each month over period expressed in months) * SQUARE ROOT(12 DIVIDED BY period expressed in months).

Risks

The fund invests in bonds and may therefore be subject to volatility. This requires corresponding risk tolerance and capacity. The value of a unit may fall below the purchase price. Changes in interest rates have an effect on the value of the portfolio. The value of a unit maybe be influenced by currency fluctuations. Investment grade bonds are usually considered to carry low to medium credit risk (i.e. potential loss due to failure of issuer). Investment in fixed income securities are usually considered as carrying credit risk (i.e. potential loss due to failure of issuer). Every fund reveals specific risks, a detailed and comprehensive list of risk descriptions can be found in the prospectus.

Your capital is at risk. The value of an investment may fall as well as rise and you may not get back the original amount. Please note that additional fees (e.g. entry or exit fees) may be charged. Please refer to your financial adviser for more details. Investors should read the Key Information Document, Prospectus and any applicable local offering document prior to investing and to get complete information of the risks. Investors are acquiring units or shares in a fund, and not in a given underlying asset such as building or shares of a company. For a definition of financial terms refer to the glossary available at www.ubs.com/am-glossary.

For marketing and information purposes by UBS. For professional clients / qualified investors only. UBS funds under Swiss law. Arrangements for marketing fund units mentioned in this document may be terminated at the initiative of the management company of the fund(s). Before investing in a product please read the latest prospectus and key information document or similar legal documentation carefully and thoroughly. Any decision to invest should take into account all the characteristics or objectives of the product as described in its prospectus, or similar legal documentation. Investors are acquiring units or shares in a fund, and not in a given underlying asset such as building or shares of a company. The information and opinions contained in this document have been compiled or arrived at based upon information obtained from sources believed to be reliable and in good faith, but is not guaranteed as being accurate, nor is it a complete statement or summary of the securities, markets or developments referred to in the document. Any Index referenced in this document is not administered by UBS. Members of the UBS Group may have a position in and may make a purchase and / or sale of any of the securities or other financial instruments mentioned in this document. Units of UBS funds mentioned herein may not be eligible for sale in all jurisdictions or to certain categories of investors and may not be offered, sold or delivered in the United States. The information mentioned herein is not intended to be construed as a solicitation or an offer to buy or sell any securities or related financial instruments. Past performance is not a reliable indicator of future results. The calculated performance takes all costs on the product level into consideration (ongoing costs). The entry and exit costs, which would have a negative impact on the performance, are not taken into consideration. If whole or part of the total costs to be paid is different from your reference currency, the costs may increase or decrease as a result of currency and exchange rate fluctuations. Commissions and costs have a negative impact on the investment and on the expected returns. If the currency of a financial product or financial service is different from your reference currency, the return can increase or decrease as a result of currency and exchange rate fluctuations. This information pays no regard to the specific or future investment objectives, financial or tax situation or particular needs of any specific recipient. Future performance is subject to taxation which depends on the personal situation of each investor and which may change in the future. The details and opinions contained in this document are provided by UBS without any guarantee or warranty and are for the recipient's personal use and information purposes only. This document may not be reproduced, redistributed or republished for any purpose without the written permission of UBS Asset Management Switzerland AG or a local affiliated company.
