Key Risks

The value of your investment may go down as well as up and past performance does not predict future returns. Investor capital may be at risk up to a total loss. The value of an investment in shares will depend on a number of factors including, but not limited to, market and economic conditions, sector, geographical region and political events.

The Fund is exposed to market movements in a single country or region which may be adversely affected by political or economic developments, government action or natural events that do not affect a fund investing in broader markets.

Disclaimer

The information included in this document is intended to be advertising of the aforementioned financial services / financial products, according to Art. 68 of the Financial Services Act (FinSA). This document has been prepared without consideration of the investment needs, objectives or financial circumstances of any investor. Before making an investment decision, investors need to consider, with or without the assistance of an investment adviser, whether the investments and strategies described or provided by DWS are appropriate in light of their particular investment needs, objectives and financial circumstances. Information in this document has been obtained or derived from sources believed to be reliable and current. However, accuracy or completeness of the sources cannot be guaranteed. DWS does not give tax or legal advice. Investors should seek advice from their own tax experts and lawyers, when considering investments and strategies suggested by DWS. Investments with DWS are not guaranteed, unless specified. Unless notified to the contrary in a particular case, investment instruments are not insured by the Federal Deposit Insurance Corporation ("FDIC") or any other governmental entity, and are not guaranteed by obligations of DWS or its affiliates.

Investments are subject to various risks, including market fluctuations, regulatory change, counterparty risk, possible delays in repayment and loss of income and principal invested. The value of investments can fall as well as rise and you may not recover the amount originally invested at any point in time. Furthermore, substantial fluctuations of the value of the investment are possible even over short periods of time. This document is not directed to, or intended for distribution to or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction, including the United States, where such distribution, publication, availability or use would be contrary to law or regulation or which would subject DWS to any registration or licensing requirement within such jurisdiction not currently met within such jurisdiction. Persons into whose possession this document may come are required to inform themselves of, and to observe, such restrictions. The present information may not be reproduced or circulated without our written authorisation.

Xtrackers is an undertaking for collective investment in transferable securities (UCITS) in accordance with the applicable laws and regulations and set up as open-ended investment company with variable capital and segregated liability amongst its respective compartments. Investors must buy and must usually sell shares in Xtrackers UCITS ETFs on a secondary market with the assistance of an intermediary (e.g. a stockbroker) and may incur fees for doing so. In addition, investors may pay more than the current net asset value when buying shares and may receive less than the current net asset value when selling them. Before making any investment decision, investors should refer to the Risk Factors in the Prospectus and Key Information Document. Tax treatment of the Xtrackers UCITS ETFs depends on the individual circumstances of each investor. Xtrackers is incorporated in the Grand Duchy of Luxembourg, is registered with the Luxembourg Trade and Companies' Register under number B-119.899 and has its registered office at

About Xtrackers by DWS

DWS Xtrackers Exchange Traded Funds (ETFs) initially launched in 2007 as a specialist in swap-based index replication. Following a period of rapid growth, the Xtrackers ETF platform subsequently evolved into one of Europe's largest providers of physical replication ETFs. We have continually developed our ETFs to provide investors with a comprehensive set of quality investment tools for efficient portfolio allocation.

Today Xtrackers ETFs are listed on eleven stock exchanges globally and have over EUR 296 billion¹ in UCITS assets under management (AUM) making Xtrackers one of the largest European-headquartered provider of ETFs by AUM².

There are over 270 Xtrackers ETFs available, covering a wide range of asset classes and investment exposures.

Xtrackers central tenet is to provide a broad range of efficient, high quality index trackers for our investors.
