

finpension Broad Impact 80

Investment risk: **very high**

Factsheet as at 31.10.2024

Brief description

The finpension Broad Impact 80 strategy invests 80% in equities and 19% in bonds. The equity component is diversified worldwide based on the size of the companies' stock market valuations. Companies that attach importance to an intact environment, social equality and good corporate governance are favoured. To avoid hedging costs for currency risks and higher income taxes, the bond portion is held in Swiss francs. The investment strategy is implemented passively by means of exchange-traded funds (ETFs) and index funds.
