

finpension Europe 40

Investment risk:

medium

Factsheet as at 31.08.2025

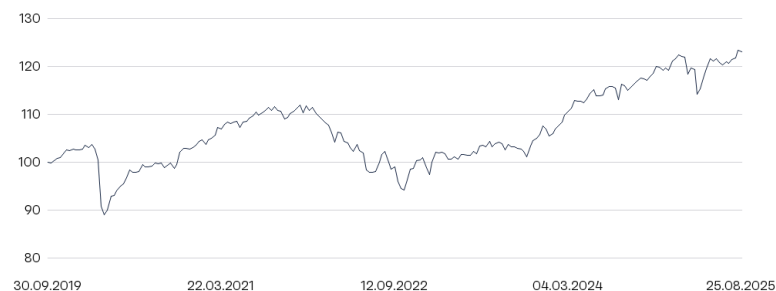

Brief description

The finpension Europe 40 strategy invests 40% in equities and 59% in bonds. The equity component is diversified worldwide based on the size of the companies' stock market valuations, with European stocks being significantly overweighted. To avoid hedging costs for currency risks and higher income taxes, the bond portion is held in Swiss francs. The investment strategy is implemented passively by means of exchange-traded funds (ETFs) and index funds.
