

finpension Social Impact 20

Investment risk: **low**

Factsheet as at 31.05.2024

Brief description

The finpension Social Impact 20 strategy invests 20% in equities and 79% in bonds. The equity component is diversified worldwide based on the size of the companies' stock market valuations. Companies that emphasise social equality between the genders, among other things, are given greater weighting. To avoid hedging costs for currency risks and higher income taxes, the bond portion is held in Swiss francs. The investment strategy is implemented passively by means of exchange-traded funds (ETFs) and index funds.
