

finpension Social Impact 80

Investment risk: **very high**

Factsheet as at 31.08.2025

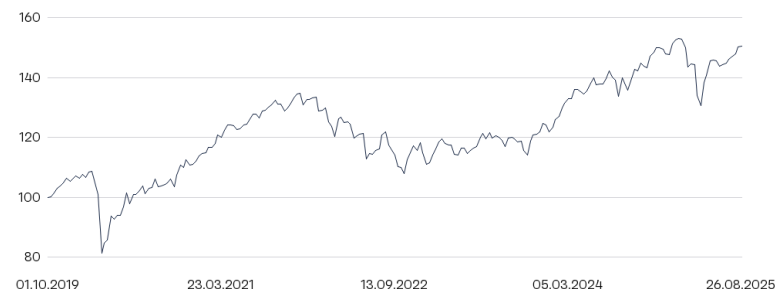

Brief description

The finpension Social Impact 80 strategy invests 80% in equities and 19% in bonds. The equity component is diversified worldwide based on the size of the companies' stock market valuations. Companies that emphasise social equality between the genders, among other things, are given greater weighting. To avoid hedging costs for currency risks and higher income taxes, the bond portion is held in Swiss francs. The investment strategy is implemented passively by means of exchange-traded funds (ETFs) and index funds.
